University of Colorado Denver - Anschutz Medical Campus Named Top 50 Master of Science in Nursing for 2018

OnlineMasters.com ranked University of Colorado Denver - Anschutz Medical Campus one of the top 50 in the nation in the category of 2018 Best Online Master of Science in Nursing.

This is the first time that the University of Colorado Denver received a high ranking in the Best Online Master of Science in Nursing category. Our research shows that their graduates are prepared to formulate clinical, administrative or policy decisions to promote health with clients experiencing wellness, acute or chronic illness and to develop, manage and evaluate the care within communities and health care systems. This speaks to the amazing work that the program is doing to help students with their career aspirations.

To determine the rankings, OnlineMasters.com compiled a list of every school in the nation that offers online master's degree programs, collected data from the Integrated Postsecondary Education Data System (IPEDS) and collected statistical data from the National Center for Education Statistics. The rankings recognize the best online graduate nursing programs based on three key factors:

- Academic Quality (40%)
- Student Success (40%)
- Affordability (20%)

Program scoring factors are calculated using data from surveys that were collected with current students and alumni, insights from health industry experts, and hiring managers from clinics and hospitals. Of the over 800 programs that were analyzed only the top 50 were selected as being one of the best programs in the nation.
