## **GUATEMALA** CLINICAL IMMERSION EXPERIENCE FOR ADVANCED PRACTICE NURSING STUDENTS

Students participating in this course will have a firsthand opportunity to provide care to patients across a wide and culturally diverse span of the population. Students will learn strategies to effectively advocate on behalf of patients, families, and underserved people to challenge policies that create health disparities. Experiences will occur in both urban and rural settings, providing a unique and robust perspective on health care in Guatemala. Students are required to have strong Spanish-speaking abilities and are expected to be able to converse with community members on their own.
