

Dear Community Member,

07-OCT-2023

As Veterans, we whole-heartedly thank you for your long-standing support of Veterans and Military Servicemembers in your region. Those who have served our nation and their families thrive in communities with a supportive network of organizations that promote health and well-being.

To further that effort, we invite you to consider being an **Exhibitor** at the **4<sup>th</sup> Annual Partnerships for Veteran & Military Health Symposium: "New Horizons in Collaborating for Care,"** which will be held in Aurora, Colorado on April 25 & 26, 2024.

The **Partnerships for Veteran & Military Health (PVMH)** symposium is a premier networking event in the western region for Veterans, Military Servicemembers, their caregivers and families, to share knowledge and experiences with healthcare providers, educators, researchers, and community service organizations. At PVMH, Veterans and Servicemembers have the opportunity to engage in meaningful **interactions** with the people who *make a difference in their health and wellbeing*.

The PVMH Symposium is **unique** in that:

- #1 It is an **immersive experience** for Veterans and Servicemembers with various care providers from the healthcare systems and community resources who serve them.
- #2 **Everyone benefits** when we bring Veterans and Servicemembers together with providers of traditional medicine as well as community service organizations that are dedicated to Veteran and Servicemembers' health and wellness.
- #3 Veterans and Servicemembers **have a voice** in this learning environment for providers, educators, and researchers!

This two-day event features nationally known keynote speakers, health expert panels with audience Q&A, and evidence-driven presentations on topics such as suicide prevention, traumatic brain injury, sexual assault, and toxic exposures. Participants present research, policies, and experiences with cutting edge medical treatments and innovative alternative therapies like creative arts and outdoor therapy. Optional post-conference workshops provide more individualized experiences to learn about how Veterans and Servicemembers can use creative expression to process service-related trauma.

More information, including past conference video highlights of PVMH can be found at <https://nursing.cuanschutz.edu/academics/continuing-nursing-education/pvmh-conference>

Consider joining us in the **Exhibit Hall!**

**Refer to the attached flyer for more information and to reserve your table now!**

Sincerely,

Lori L. Trego, PhD, RN  
Colonel (Retired), U.S. Army  
Professor, College of Nursing  
Chair, Partnerships for Veteran & Military Health
