NURS 8000	Variable DNP Project course (to add clinical hours needed for 1000 hour requirement)			
Applied Clinical hours				

Remaining Clinical hours				
-----------------------------	--	--	--	--

Total:

\*most students will come in with these courses completed from their MS, leaving 30 credits of post-graduate coursework to complete. We will evaluate whether more than 30 credits are required to complete this DNP.

**Clinical Requirement 1000 hours;** most students will come in with *some* clinical hours from their MS that can be applied to the total requirement; a gap analysis will be completed with the program prior to entrance. Course marked with \* are clinical courses. 1 credit = 45 hours.
