NURS 8045	DNP Seminar II	1		0	
NURS 8050	DNP Capstone Clinical Eval Project		4	180	
Final Totals:		46	15	675	

a. MPH courses are audited for practicum hours to achieve total of 1000 hrs for DNP

b. MPH 'core courses' required for all MPH students; may not be substituted

c. APRNs entering the DNP/MPH program may receive clinical hours as substitute for APHN practicum

Note. A minimum of 32 MPH credits are required in the SPH for dual degree

Note. A custom concentration or full MPH concentration options are available for students wishing to specialize in MPH
